

Dear Guardian,

It is to bring to your notice that the Institute is making innumerable efforts to invite various companies to view the talent of our students for the purpose of future placement in various positions at these organisations. Please consider that this requires a lot of efforts and organisation on the part of the college.

However, the student's attendance at these events has been found to be diminishing over the past few occasions. This makes it very difficult to ensure that all students can acquire a job before passing out of the course. Further it creates a very embarrassing situation for the college when visiting panels notice the lack of interest on the part of the students.

In this regard please acknowledge the receipt of this letter and ensure that the student appears for the upcoming placements. (The schedule for the same is duly updated on the college website as the dates are finalised)

We seek your cooperation in counselling your ward about the importance of appearing for and doing well in the interviews. Please ensure that he/she appears in as many placements as required till the desired job is obtained, and must not get disheartened or become irregular.

In case your ward does not wish to join a job after the course, please intimate us of the same in writing. (Considering that certain students would be going for further studies or pursuing their own business ect. please update us of the same.)

This will help us to focus on only those students who wish to be placed through campus Interviews.

Thank you in advance for your co-operation.

Regards,

Placement Cell.
